

ZANZIBAR WHITE SAND LUXURY VILLAS & SPA UNVEILS FOUR NEW STATE-OF-THE-ART SOLAR-POWERED VILLAS

ZANZIBAR, August 2023

Zanzibar White Sand Luxury Villas & Spa, a renowned name in luxury accommodation, is proud to announce the inauguration of its four new luxury villas with hot tub, solely powered by solar energy. The inaugural villa opened its doors on the 1st of July 2023, ushering in a new era of ecologically responsible luxury in Zanzibar.

Highlighting the groundbreaking initiative, these villas stand out as the first and only luxury accommodations in Zanzibar to run entirely and uninterruptedly on solar energy. An innovative storage system, using batteries charged during the day, guarantees uninterrupted power while uncompromising with the villa's luxury amenities, including air-conditioned, high-speed Wi-Fi and a private hot tub. This pioneering energy system not only stands as the first of its kind in Zanzibar but also ensures the villas operates with zero carbon emissions.

The commitment to sustainability extends to the villas' bathroom as well. Guests can indulge in the luxury of solar-heated water, allowing for an exquisite relaxation experience that also upholds ecological values.

The management of Zanzibar White Sand Luxury Villas & Spa shared their excitement: "We are thrilled to offer our guests an unmatched luxury experience that resonates with our deep commitment to sustainability. Being the pioneers of this unique renewable energy system in Zanzibar, we aim to set a precedent for eco-friendly luxury in the region and beyond."

Zanzibar White Sand Luxury Villas & Spa invites guests from all over the world to book their stay and experience the future of luxury travel – where opulence and ecological responsibility coalesce.
